

Dubiel Vitrum on ISH

14.03.2013

[1]

Dubiel Vitrum, this year as in the past, participated in the ISH International Fair in Frankfurt, 12th-16th March.

The ISH International Fair organized every second year is the most important event for the bathroom industry.

During the event Dubiel Vitrum presented the latest models of mirrors. Our stand was visited by both current key customers as well as potential partners from almost all over the world. The fair was an opportunity to present the latest brands of the outstanding Spectrum line which combine aesthetics with functionality and top quality workmanship. Alucover DV and Mcover DV mirrors with lighting frames were of particular interest. These models provide adequate protection to the electrical circuits (IP 54 and IP 55 protection class), thanks to which these mirrors can be safely used in bathrooms.

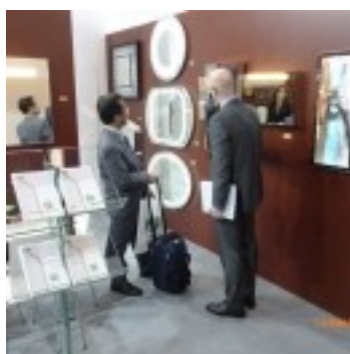

See photos of our stand at this year's ISH fair.
