

Furniture and furniture components

[1]

We manufacture both **furniture made entirely of glass** and **glass furniture elements**. Dubiel Vitrum supplies glass furniture or glass furniture elements to many reputable Polish furniture factories from all furniture sectors (manufacturers of living room, kitchen, bathroom, office, store, and specialized furniture).

Our furniture clients also include companies specialized in contract work (furnishings for hotels, offices, stores, etc.). Dubiel Vitrum's products are found in many facilities fully furnished by our Clients, e.g. Hilton hotels all over Europe or many Polish and foreign store chains. The equipment used at Dubiel Vitrum and our IT-based organization of the production processes enable us to produce both standard glass furniture elements, such as table tops, shelves, small doors, and highly unusual projects designed by our clients, e.g. graphics and photos printed on glass furniture elements.

Purpose:	Applications:
Living room furniture manufacturers	<p><u>Our glass products:</u></p> <ul style="list-style-type: none"> • table tops • shelves for cabinets and bookshelves (often with UV glued glass/metal) • doors for wardrobes and bookshelves (can be enameled in any RAL color, printed with graphics). We also glue tiles directly to glass using UV technology for hinges or other elements. • all unusual glass furniture elements
